### ***BBC Project "World War One at Home"***

This four-year BBC project aims to record stories about how the country was affected by, and connected to, the First

World War. It will be concentrating more on places than on people, the idea being to record, on location, stories about how various places in Ireland have historical connections with the Great War. Through its audio recordings and collation of archive material, the BBC will build a digital archive through which future generations can explore the war through the lens of their home country. The BBC is keen to involve every county in Ireland and sees the historical societies as sources of local knowledge. There is more information about the project at <http://www.bbc.co.uk/blogs/aboutthebbc/posts/Revealing-the-World-War-One-at-Home-project>

If anyone is interested in participating they should contact Helen Toland at [helen.toland@bbc.co.uk](mailto: helen.toland@bbc.co.uk) or phone: 02890338231 Mobile: 07799147931

### ***Joint Trip to Derry/Londonderry 11th to 13th***

The Autumn field trip took the FLHS north to the ancient city of Derry for a weekend during which both Federations joined together for a memorable tour of the city in this its year as the U.K. City of Culture.

Forty eight FLHS members from fifteen different societies travelled north on the Friday morning stopping at the Ulster American Folk Park for a visit. In the city they were joined by twenty four FULS members. On that first day the joint group visited the city walls, St Columb's Cathedral, the Bogside, the Apprentice Boys Centre, the Guildhall, the Peace Bridge and the Ebrington Centre.

The FLHS group stayed overnight and before departing visited the County Donegal ring fort "Grianan of Aileach".

Both groups pronounced the trip to have been an outstanding success.
